- Resources on membership drives/open days/ maintaining members etc
- Leaders course- information on how to use modified equipment (red, orange, green balls and courts) for organised play in clubs
- Competition organiser course- currently being developed, but will support people involved in running internal club competition
- Clubmark- essentially the quality assured mark for tennis clubs- encompasses aspects of safeguarding, competition, management/governance, coaching etc, so a club knows they are doing the right things (open to affiliated clubs only)
